

FORBES ENTERS SWEEPING DENIAL OF ALL CHARGES

Former Veterans' Bureau Head Leaves Sick Bed To Testify.

SAYS PRESIDENT DIDN'T FIRE HIM

Blames Politics And Sawyer For Deficiencies In His Department.

Washington, Nov. 13.—Col. Charles R. Forbes, former director of the United States Veterans' bureau, today began "beating back" against wholesale charges of graft, waste and inefficiency in his administration of federal aid to disabled soldiers.

Arising from a sick bed, Forbes took the witness stand in his own defense before the senatorial investigating committee and entered "a general, sweeping and absolute denial" of all accusations against his integrity.

He charged his enemies with "a conspiracy to destroy him through 'perjury, subordination of perjury and suppression of material facts.'"

To be scathingly attacked by Brig. Gen. Charles E. Sawyer, former White House physician, and head of the federal hospitalization board, charging him with constant interference with the bureau's work.

"Most of the deficiencies in the administration of laws providing for relief of disabled soldiers," Forbes declared, "has been due to two things—politics and Sawyer."

Forbes flatly denied much of Sawyer's statement that he had been ordered by President Harding for "subordination in selling surplus supplies at Perryville."

On the contrary, Forbes declared, he retired from office a month before the Perryville incident after having told President Harding he would rather resign than stay "if Sawyer was to continue in office."

Forbes read his statement with visible effort before a committee room that was packed to hear him tell his own story.

He denied specifically that he had ever turned a dishonest penny in administration of the bureau's affairs, or that he had engaged in "graft, liquor drinking and loose conduct in office."

"I admit there were imperfections in the bureau under my directorship," said Forbes, "but I do assert I have not consciously been guilty of any wrong doing by act or neglect."

COMING OF CHRIST IS PASTOR'S TOPIC

Friends Pastor Admonishes His Congregation To Be Prepared.

Scripture verses from both the Old and New Testaments, which tell of the second coming of Jesus Christ to earth formed the principal part of a discourse on "The Second Coming of Jesus, Is It Scriptural?" by Rev. C. E. Haworth, pastor of the First Friends church, at the evangelistic service Monday evening at this church. Rev. Mr. Haworth stated that he preferred to read what the Word of God had to say on this subject, instead of just giving his opinion on it.

The speaker pointed out that the doctrine of the second coming of Jesus was a great incentive to holy living. He set no dates for the personal return of the Lord to earth but admonished his auditors to "Be ye also ready, for in such an hour as ye think not the Son of Man cometh."

The subject announced for Tuesday evening is "God's Picture of a Human Heart."

ACETYLENE TANK EXPLODES, FIVE IN FAMILY HURT

One Fatally Injured When Gas Lets Go As Father Lights Candle.

Bowdell, O., Nov. 13.—A family of five were injured, one probably fatally last night when an explosion wrecked the home of Ezra Horst, living about a mile and a half west of here.

Mrs. Horst suffered severe burns about the head and shoulders, and is at the point of death at the home of her father, Henry Hackman, near here.

The Horst's three children, in the house at the time of the explosion, were painfully hurt, as was the father.

The explosion resulted from escaping gas from an acetylene lighting system, the generating plant of which was located in the cellar.

Last evening about 7 o'clock trouble was experienced with the lights in the home. Horst lighted a candle and went to the cellar to investigate. He had opened the cellar door and was half way down the stairs when the explosion occurred.

The candle had ignited the escaping gas.

Mrs. Horst was in the kitchen of the home at the time. She was precipitated to the cellar when the kitchen floor gave way beneath her.

STATE TO PROBE MURDER, BOMBING

Columbus, Nov. 13.—Gov. Donahoe today directed Atty. Gen. Crabbe to arrange for a special grand jury investigation relative to the recent murder of a dry law enforcement officer at Steubenville, the shooting of another, dynamiting of a third enforcement official at Smithfield, Jefferson county, alleged irregularities at the August primaries and alleged general laxity of law enforcement at Steubenville.

Three Heavily Armed Bandits Bind Teller, Stealing Bank Funds

Youngstown, Nov. 13.—Three heavily armed bandits bound the teller of the Elm street branch of the Dollar Savings and Trust company bank at 9:30 a. m. today and escaped with approximately \$2,000 of bank funds and a gold watch, the property of Vernon Williams, who was alone in the bank at the time.

Williams was bound hand and foot and left in a rear room of the bank.

Ludendorff Places Self Under Arrest

Munch, Nov. 13.—General Ludendorff, who was conditionally paroled after his arrest for his part in the Hitlerite revolt, today voluntarily placed himself in the custody of the Bavarian authorities on the ground he was not given sufficient freedom of movement. The telephone line into his villa was cut and he was not permitted to attend the funeral of a servant who had saved his life.

County Candidates Are Being Groomed

Here and there news has been filtering through from different parts of the county of prospective candidates for county offices to be voted for at the state primaries in August, 1924. It is said that several prospective candidates are rather active in the field already. Officially, however, no names have been placed before the public.

Community Players To Make Their Debut Tonight

An all round program of one act plays, a pantomime, a drama, a farce and a deeper comedy will be seen tonight and tomorrow night at the High school auditorium under the direction of the Salem Community Service which presents members of the Salem drama institute in the production of the general supervision of a former actor and now one of the best teachers of stagecraft in the country, George Junkin.

Prof. Ranette Of Mt. Union Pleads France's Cause At Legion Banquet.

GERMANY CAN PAY VETERAN INSISTS

Legion Members Speak At Conclusion Of Armistice Day Dinner.

"France is not a Shylock, wanting to exact her pound of flesh just because she is a victor. France wants only her just due in the Ruhr. She wants only her just share of Germany's reparations which must be paid or else the vanquished will escape with her stock of goods while France has many billions of damage yet unpaid for."

Thus said Prof. Edward C. Ranette of Mt. Union college sum up in masterful fashion his two hour inspiring address before a public meeting at the conclusion of the fifth annual banquet for ex-service men held under the auspices of the American Legion at the post's rooms Monday night.

The brilliant speaker a native Frenchman who has for many years been a teacher in this country, was given a long applause for his clear story of the French occupation of German territory, and the reconstruction period after the war, which he said was only getting started.

Introduced by Toastmaster John C. Campbell, the scholar, Y. M. C. A. worker and soldier told first of his trip to Europe, of the sights of war that he saw when in English waters, later in London and in France, his native country. His graphic story of those war days, was one of the most thrilling that any in the audience had ever heard.

Losses France Sustained

"You who have not been 'over there' cannot understand fully what the French occupation of the Ruhr means. You do not know the ruthlessness of the German, you do not, you cannot fully comprehend the reasons why France is holding out to the last ditch for her share of the money that is to be exacted from the boche."

Prof. Ranette went on to tell how much material Germany took from France during the war.

"Fully 75 per cent of all sugar, cattle and forests was either taken from the German or destroyed. Most of France's ships are at the bottom of the sea. Of 15,000 churches all will have to be rebuilt. Many hundreds of thousands of homes will have to be rebuilt."

The loss to France totals 800 billion francs; 1,500,000 acres of the best land in France is unfit to use for years to come; 8,000,000 of her men are suffering from wounds, while 800,000 were killed.

"Today France has to tax each person in the country \$56 to help pay for the damage that Germany (Continued on sixth page.)

EXTENSION OF TAX PAYING TIME SEEN

Special Levies Approved By Voters Must Be On Tax Duplicate.

Possibility exists that the county commissioners at an early meeting will order an extension of time for the payment of December taxes. Indications at this time are that the board will be compelled to take such action.

In a number of districts special levies were approved at the election Nov. 6, and these have not yet been worked out in detail for entry upon the tax duplicate.

Twenty-two copies of the tax duplicate are to be made, after the total tax has been figured by County Auditor Charles E. Hamilton and approved by County Treasurer Joe Pike.

The copies of the duplicate are being made by Mrs. Jennie McMillin, who now has a force of clerks employed at the task. These duplicates will not be ready for some weeks and there is assurance that they will not all be ready for the different collection districts.

Extension of time for the payment of taxes has been granted upon previous occasions by the commissioners.

At a meeting of the Butler Township Farm Bureau to be held at Scrabble Wednesday night, officers are to be elected.

At this meeting the Butler township board of education and the Butler township trustees will meet with the Farm Bureau members to engage in a discussion of the reappraisal proposal of the county commissioners.

Five people will be named to act as members of an advisory board whose duty it will be to confer with the appraisers for Butler township and who are to be appointed by County Auditor C. E. Hamilton.

The advisory committee will be certified to the county auditor as soon as possible and he in turn will discuss the different phases of the reappraisal with these people.

Committee In Charge Of German Donations

E. F. Stratton, George Dressel and Stephen Fernengel compose a committee appointed to have charge of the list of donors who have responded to an appeal made a short time ago by Carl Zoell, for the needy at Euskirchen, in the Rhineland, Germany.

When supplies contributed here arrive at their destination a committee composed of a representative of the Friends society, the mayor, the leading minister in the town and Mr. Zoell will be in charge of the distribution.

Gives Fortune To Educate Boys

M. S. Hershey.

Retaining only enough preferred stock to assure him an income for life, all the holdings of M. S. Hershey, multi-millionaire chocolate and candy manufacturer, amounting to \$60,000,000, have been turned over to the Hershey Industrial school, at Hershey, Pa., the site of Mr. Hershey's old homestead. The huge trust fund makes the orphan school, with its present 120 inmates, second only to the Girard College of Philadelphia, in wealth. Mr. Hershey started life as a candy maker for Hayler's, in New York, saved \$150 and then started in business for himself. "I was born poor, and I realize the hardships of poor boys of today," he said, speaking of his gift. "I am going to assist poor boys to learn trades and become self-supporting."

DENY PASSPORT GOES TO KAISER

London, Nov. 13.—Foreign office officials said today the allies would hold Poland to "strict accountability" to prevent the former Kaiser from leaving for Germany.

Up to early afternoon the foreign office was without official confirmation of the Brussels report that the Berlin government had granted passports to Wilhelm and his immediate entourage to return to Germany.

The report that Germany had permitted the former Kaiser to return is understood to have originated in Brussels where it was printed in a newspaper.

ALL-NIGHT BATTLE TO CHECK FLAMES

Mogadore Business Houses In Ruin; Over-heated Stove Starts Fire.

Mogadore, O., Nov. 13.—After an all night battle with flames, the business section of this village is virtually a mass of ruins, most of the principal buildings and stores having been burned. Four structures housing the Eagles' hall, a meat market, Sons of Veterans' hall, town hall, jail, court and a dry goods store, and one dwelling were destroyed.

The blaze started from an over-heated stove in the two-story frame dwelling of George Anderson. Five families lived in the building, all members of which escaped unharmed except one who lost his home.

An engine company from Akron was called after it was seen that the local department and bucket brigades could not halt the spread of the fire.

Court Is Requested To Interpret Will

Carrie W. McIntyre of Salem, executrix of the estate of the late Flora Ann Watson, as provided by her last will and testament came into court Monday afternoon with a petition asking the court to interpret the will.

The defendants named in the petition are Carrie W. McIntyre, Ruth Cavanaugh, Laura Mary Teegarden, Lois McNay, Lindsay Teegarden, the Presbyterian and the Baptist churches of Salem.

The executrix is willing to carry out the provisions of the will as soon as it is construed by the court.

State To Open Bids For County Highway

Bids are to be opened by the state highway department at Columbus Wednesday for the improvement of the Wellsville-East Liverpool rd. or Intercounty highway No. 7.

When bids were sought on this job some months ago, the estimate was said to be so low that contractors feared to bid on the work. Since then the estimate has been revised.

The present brick surfaced section of the road will be used as a part of the base for the new road, and on the river side, a six-inch curb is to be built.

Physician Killed As Car Turns Over

Huntington, W. Va., Nov. 13.—Dr. J. D. Turner, 45, of Chapmanville, W. Va., was killed when his automobile turned turtle early this morning on Big Creek as he was returning home from a visit to a patient.

Appeals Court May Complete Its Work Wednesday Evening

The court of appeals may complete its work in this county Wednesday evening. Several of the dozen cases listed for hearing this week have been continued and one has been put over until the court opens in Steubenville.

Members of the court were busy until late Monday night going over the cases argued Monday and at noon Tuesday, the work of the court was pretty well along.

Decisions may be handed down in all cases heard here this week before Thursday.

FIRE GUTS Y. M. C. A. IN CLEVELAND, TWO MEN ARE OVERCOME

Seven Escape By Jumping From Windows, Clerk Sounds Alarm.

Cleveland, Nov. 13.—Earl Staley, 35, of Canton was overcome by smoke and carried from the building in an unconscious condition when fire destroyed the Wheeling and Lake Erie Y. M. C. A. here today.

Byron Yoder, 41, of Canton, suffered injuries when he jumped from a second story of the building to the street below.

Staley, an engineer, and Yoder, a fireman, were taken to City hospital.

The fire was discovered by R. E. McCarthy, and then the two rushed through smoke filled corridors awakening the sleeping men.

Seven men saved themselves by jumping from windows, but Yoder was the only man injured in the leap.

Staley was carried down a ladder by firemen.

He had fallen unconscious on the floor of his room in an effort to reach the window.

The building, a frame structure, burned like tinder, and the entire interior was gutted.

The cause of the fire has not been ascertained.

CONSIDER APPEAL OF BERG VERDICT

Should the record of the court of Mayor Ferren of East Palestine warrant the move Atty. J. L. Hilton of Canton may take an appeal from the decision obtained in common pleas court in the case of the state of Ohio against County Commissioner Conrad Berg of Leetonia.

Hilton has asked the East Palestine court for a transcript of its docket, contending that if it can be shown that the charge against Mr. Berg was filed in the East Palestine court before one was filed against him in the Leetonia court, grounds for appeal will perhaps then have been established.

Commissioner Kerr May Seek Re-election

County Commissioner John F. Kerr of Saltsville may be a candidate for a third term at the August primary in 1924. This report was current in Lisbon for several days, and before he returned to his home Monday evening Kerr admitted that he had not "quite made up" his mind what he would do.

Tuesday morning, there was a report in Lisbon that Mr. Kerr might be a candidate for county recorder instead of commissioner, but this rumor could not be confirmed.

Congressman Calls Republican Caucus

Washington, Nov. 13.—A call for a caucus of the Republican members of the house on Dec. 1, was issued today by Representative Will R. Wood, Republican of Indiana, chairman of the Republican congressional caucus.

Wood explained that he issued the call in the absence of any action by the leaders of the Republican organization in the house. The caucus will be held in the capital.

State Aid Is Sought For County Highway

A resolution asking for state aid on 3.25 miles of the Youngstown-East Liverpool rd. in Fairfield township, was approved by the county commissioners Monday. This improvement is to extend south through Fairfield township to Elkhorn township, and then southeast to the Middleton-Elkhorn township line.

Commissioners View Goshen Road Work

The county commissioners spent Monday afternoon making a detailed inspection of the Goshen rd, which is being surfaced with Willite material. Other road improvements of recent construction also were viewed by the commissioners on this trip.

Bandits Get \$17,000 From Ward Baking Co.

New York, Nov. 15.—Three bandits held up Morgan Morrison, treasurer of the Ward Baking Co. in the vestibule of the company's plant in Brooklyn today and stole payroll money amounting to approximately \$17,000.

EXPECT DECREASE IN LIVING COSTS BY CUTTING TAXES

Reduction Predicted From Building Costs To Food, Clothing.

BONUS TO SUFFER UNDER THIS PLAN

Embarrassing For Those Pledged To Bonus And Lower Taxes.

Washington, Nov. 13.—A decrease in the cost of living, all down the line from building materials to food and clothing will follow action by congress in lowering taxes on incomes, government tax experts predicted today.

Secretary Mellon attributes the present high cost of living in no small measure to the high taxes on big incomes, which have driven wealth from the field of productive enterprise into tax-free securities and other non-productive fields. Lower the surtaxes, he believes, and this wealth will be drawn from its hiding places.

While general approval has been voiced by returning congressmen over plans for reducing income taxes it nevertheless became apparent today that congress is going to view the Mellon plan with some "suspicion." The Mellon program is recognized as his first assault on the soldiers' bonus, to which a great majority of both house and senate are pledged.

Secretary Mellon's whole scheme of tax reduction is based on congress not passing the bonus. If it is not possible, he contends to both reduce taxes and pay the bonus. Thus many congressmen are going to be caught in an embarrassing position—they are pledged to both reduce taxes, if possible, and they also are pledged to the bonus.

Mellon, however, is going ahead with his drive against the bonus and for his tax reduction plan, stressing the contention that lowering surtaxes on big incomes will prove the largest boon to business possible at this time.

FIVE GIRLS SEEK POPULARITY PRIZE

Indoor Circus Contest Is Creating Interest; Plan Program.

Misses Emma Webber and Ethel Kaiser have added their names to those in the contest for the most popular girl which is being conducted by police and firemen as a part of their program for getting funds for new uniforms and revolvers.

Next week when the big indoor circus starts, five young ladies and five others wishing to enter will contest in earnest to win the diamond ring which is to be given the most popular girl, the one who sells the most votes.

Tuesday afternoon representatives of both departments will meet with a group of vaudeville agency men to map out the complete entertainment program and choose the acts which will be used.

The Harmony Seven orchestra has been secured to play for dancing every evening. It will also give daily concerts.

WAICHON TAKEN BY SUN'S TROOPS

Shanghai, Nov. 13.—Dr. Sun Yat Sen, president of the southern Chinese government, today officially announced the capture of 'Waichow, key city of the entire south.

Sun's troops apparently retreating before the drive of Chen-Hui-Mong suddenly switched back on the right wing and took the stronghold. Its capture is regarded throughout China as the most important development in south China in many months.

Martial law in Canton has been repealed as a result of this success.

Saturday evening, Dec. 1, the members will meet with Mr. and Mrs. George Rogers, Ellsworth rd.

OPPONENTS OF A BONUS BILL BUSY

SUCCESS OF THE MEASURE IN
THE NEW CONGRESS IS NO
LONGER CERTAIN.

"ANTI BUNCH" IS ORGANIZED

By EDWARD B. CLARK
Washington.—It is possible that the
adjusted compensation bill, popularly
or unjustly known as the bonus
bill, is to fall of passage in the next
congress?

The success of this measure hitherto
has been accepted as certain. No
one in Washington has thought that
there was enough doubt about it to
give attention to suggestion that some-
thing might arise to keep congress
from giving the bill sanction. Mem-
bers of the house in the last congress
struggled with one another to gain
precedence in advocacy of the mea-
sure. Of course a new congress is to
come in, but a poll of the members
has seemed to show that the bonus
bill will be as popular with the new
members as it was with the old. New-
etheless something has arisen to
cause a doubt as to the passage of
the bill; not a very grave doubt, it is
true, but still a doubt.

The various veteran organizations
of the country have espoused the
measure, and in fact have given much
time and energy to securing for it the
good will of congress. The bonus bill
would be a law today if President
Harding had not been opposed to al-
lowing it a place on the statute books
without companion legislation which
would furnish the means for raising
the money to pay the bill.

"Anti-Bonus Bunch" Organized.

Recently there has been organized
a body of veterans of the World war
known somewhat flippantly to their
antagonistic brethren as "the anti-
bonus bunch." This "bunch" it now
seems has much more strength than
anybody supposed. The veteran or-
ganization opposed to the bonus was
formed in New York city. It had one
or two poorly attended first meetings,
but then something seemed to give it
the stimulus of growth and today it is
exercising considerable influence in
the ranks of veterans, especially
among those men who heretofore have
been inarticulate because of lack of
organization.

It may true that a majority of the
veterans of the World war favor the
bonus. It is certain that members of
congress have thought that a major-
ity of the ex-soldiers favor it. It may
be invidious to say so, but it would
seem that, if congress had thought the
majority feeling was the other way,
it would not have been so overwhelm-
ingly strong itself in advocacy of the
passage of the measure.

It has been proposed seriously by
the anti-bonus advocates, men who
nevertheless are in good standing in
the American Legion or in other veter-
an organizations, that a national poll
shall be taken of the discharged sol-
diers to find out conclusively just what
the feeling is on the legislation.

Nobody seems to know exactly how
the poll can be put through in a way
to have official civil sanction as a
companion to a regular election. If, how-
ever, the measure could be submitted
in some way to the veterans through
the regular election machinery of the
states, a much-vexed question would
be settled for all time.

Only Way Is Through Election.

It is, of course, possible for the veter-
an organizations to make a canvass
of the sentiment among the ex-sol-
diers and to arrive at some conclusion,
but it would be difficult to make the
"conclusion conclusive." Many men,
no matter how much they apparently
are interested in a subject, will not
take the trouble to engage in corre-
spondence concerning it. It is said
that the only way to settle the
matter as to whether or not the
United States should be called upon to
pay the veterans bonus money, is
to get the sentiment of the ex-soldiers
by means of an actual vote on the
question conducted as a companion to
a federal election.

Frankly, the writer of this, who is
an ex-service man, believes that the
bonus bill will pass congress at its
next session by a perhaps considerable
majority. It is easy enough to un-
derstand the human side of the bonus
requesters' appeal. They fought for
\$33 a month while able-bodied brethren
were working for \$20 a day. The
bonus advocates believe that an in-
justice was done the ex-service soldiers
and they want remedy.

However, there is another side to
the question. A man is supposed to
be willing to serve his country when
it is in need, without pay and without
promise of pay. The strongest op-
ponents of the bonus are those who
plead that it is unpatriotic to demand
the money.

It is known definitely that many
congressmen who voted for the bonus
bill last year were not at heart in
favor of its passage. A company of
brave house men stood out against the
bill, but the vote was overwhelmingly
against them.

Search For Fountain Of Youth Believed To Have Killed Man

Cincinnati, Nov. 13.—Search for
the "fountain of youth" is believed
today by city hospital physicians to
have led to the death of Stephen
Flack, 85, of Norwood, O. Flack was
found unconscious on a street here
Oct. 31 and taken to the hospital.

In a pocket of his clothing physi-
cians found a bottle of patent medi-
cine supposed to restore the vigors
of youth. According to physicians,
who have asked Coroner D. C. Hand-
ley to investigate the case, Flack's
death was brought on by the effects
of the patent medicine.

Physicians also said that because
of the disastrous effects of this par-
ticular patent medicine upon the hu-
man system, postal officials have
barred it from the mails.

Grant Is Appointed Director Of Mint

Washington, Nov. 13.—President
Coolidge today appointed Robert J.
Grant of Denver, to be director of
the United States mint, succeeding

COMMON SENSE WAY FOR MOTHERS TO KEEP FAMILY HEALTHY, HAPPY AND PREVENT EXPENSIVE SICKNESS

All mothers know how hard it is
to get their husbands and the rest
of the family to take ordinary medi-
cine. Yet, this is the season when
they are bothered most frequently
with indigestion, coated tongue,
constipation, nervousness and the many
symptoms of a general run-down con-
dition. And, unless they get rid of
these troubles and build themselves
up, they are not able to throw off
coughs, colds, sore throat and the
more dangerous wintry ills that every
mother fears.

Try this with those in your family
who are in need of a strengthening,
nourishing tonic. Just a spoonful of
Dr. Thacher's in a wineglass of water
after the next few meals. Notice the
quick difference in the way they look,
eat, sleep and feel.

This wholesome vegetable tonic is
pleasant to take and usually makes
them feel so much better the next day
that they are anxious to keep on ton-
ing and building up the system. They
have "proved" to themselves what it
will do and they will keep up their
doses to increase appetite, improve di-
gestion, tone the torpid liver, gently
correct constipation, regain strength,
energy and vigor and have purer,
healthier blood coursing through their
veins to keep them warm these cool,
crisp days.

SOCIETY

Van Blaricom-Blackburn
In the presence of 30 guests, the immediate families, Miss Mary Abby Van Blaricom and Edmund Blackburn exchanged their marriage vows at 4 p. m. Monday at the home of the bride's aunt and uncle, Mr. and Mrs. K. P. Trimble, Lincoln ave., with Dr. P. H. Gordon reading the ring service.

The bride wore a becoming creation of fawn colored silk. They were unattended. Following the service a dinner was served. Flowers and ferns were used in the home decorations.

The young people are well known in Salem. Mrs. Blackburn, daughter of Mr. and Mrs. S. N. Van Blaricom, Franklin rd., was graduated from the Salem High school with the class of '23. Mr. Blackburn is the son of Mr. and Mrs. Andrew Blackburn, East Sixth st. He is employed by the Harris Printing company.

Tuesday morning Mr. and Mrs. Blackburn left for Johnstown, Pa., to spend about a week with relatives and upon their return will reside temporarily with the groom's parents.

Saturday evening the young people were complimented with a surprise miscellaneous shower at the groom's home, arranged by his sisters, Mrs. Wilmer Whinnery and Miss Goldy Blackburn. They received a number of beautiful gifts.

A Farewell Surprise
Mr. and Mrs. Frank L. Stewart and son, Wallace, of Jennings ave., expect to leave in a short time for Florida to spend the winter, and Monday evening a group of their friends complimented them with a farewell surprise party.

The honorees were invited to the home of Mr. and Mrs. W. E. Monets for supper and their hosts, under the pretense of getting water, took them to the Salem Country club. When they arrived at the club house they were completely surprised to be greeted by a company of their friends.

A bountiful supper was served and flowers carried out a decorative motif of red and white. Tuesday marked Mrs. Stewart's birthday anniversary and a birthday cake ornamented with candles graced the table. This was given Mrs. Stewart by her daughter, Mrs. Ross Painter. Games and music contributed pleasure. Miss Judge of Alliance was an out of town guest.

Book Club
An interesting program was presented at a meeting of the Book club Monday afternoon at the Chamber of Commerce rooms.

Mrs. W. P. Holloway opened the program with a paper on "Historical Ohio," and these numbers followed: "Famous Men and Women of Ohio," Mrs. J. F. Fronk; "Our Libraries, Their Value and Service," Mrs. Andrew Stewart; select reading, Mrs. Oliver Ashford. The members will meet again Nov. 26.

Linger Longer Club
Harry Kaufman made the high score at "500" when associates of the Linger Longer club were guests of Mr. and Mrs. D. L. Camp, Lisbon rd., Monday evening. A lunch was served.

At this time the men of the club planned a rabbit hunting contest for Thanksgiving morning, the losers to banquet the winners.

A meeting in two weeks will be with Mr. and Mrs. Brint Thomas, Garfield ave.

Marriage License
Mike Missile, of Massillon, and Mary DeGiacomo, of Leontonia, secured a marriage license Tuesday morning at Lisbon and were to be married by Rev. Mr. Gibbons.

Loyal Women's Class
The Loyal Women's class of the Christian church will hold its monthly meeting Tuesday evening in the new class room at the church.

Ellsworth Avenue Club
Ellsworth Avenue club members will be guests of Mrs. W. A. Tellow, Ellsworth rd., Thursday afternoon.

Mrs. David Phillips of Newell, W. Va., is visiting her sister, Mrs. R. W. Phillips, 49 North Howard st.

Tennis Ball Scales.
Few tennis players know how tennis balls for the tournaments held under the sanction of the National Lawn Tennis association are tested. It appears that the machine that one expert uses to weigh tennis balls is similar in appearance to an instrument used to find the specific gravity of a liquid. It consists of a long glass tube in which water is placed at 75 degrees Fahrenheit. A second tube, on which fractions of ounces are marked, with a certain weight of buckshot in the base and a holder for the ball on top, floats in the water.

A ball must weigh no less than two ounces or more than two and one-sixteenth ounces to be accepted, and when it is placed in the holder the tube reveals the slightest irregularity in its weight.

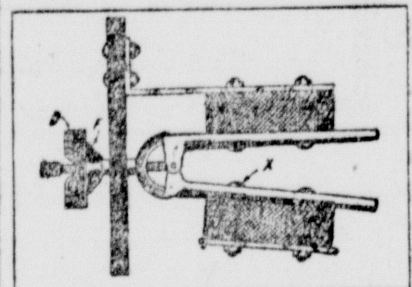

Have Coupler for Inductance Coils

Variation Easily Obtained by Turning Knurled Adjusting Knob.

Difficulty is often experienced in providing a suitable holder and coupling arrangement for honeycomb or dual-lateral coils. The problem is still more complicated if the coils are to be mounted in the rear of the instrument panel.

A unique coupler for this purpose which, under actual operating conditions, works very well, consists essentially of a compass with the inductance coils affixed to each arm. Coupling variation is obtained by turning the knurled adjusting knob, which moves back and forth on the threaded rod. For the benefit of readers who desire to construct a similar mounting the construction is given in detail.

A compass, obtainable in any stationery store, is drilled and countersunk at the four points, X, in the diagram, to pass 6-32 flat-headed machine screws. Two small stiff brass strips are cut to size and drilled for 6-32 machine screws. It would be well to nickel these strips if neat appearance is desired. Location of the holes will have to be computed after all material is at hand. The fixed coil and brass strip, A, are securely held to one arm by the two machine screws. Similarly,

A Drawing Compass Is Used to Vary the Coupling of Unit Inductance Coils.

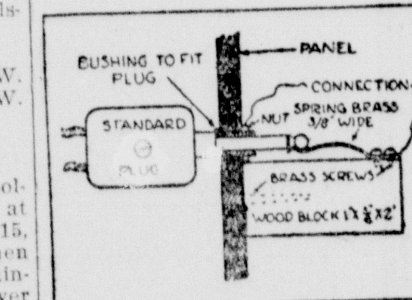

The upper or movable coil is attached to the other arm. It is necessary to drill a rather large hole in the panel to allow free movement of the shaft. The entire unit is then mounted as securely as possible to the rear of the instrument board. To obtain a good grip on the controlling knob it is necessary to fasten a suitable sized rubber or bakelite knob, D, to the knurled adjusting nut, E. The action is self-explanatory and an extremely smooth control is possible. Carrying out this idea of utilizing a compass as coupler, it is possible to construct variable (book-type) condensers quite easily. Nor is the coupler limited to honeycomb coils; it can be used with equal success in conjunction with spiderweb coils and single layer inductances. With a bit of thought an efficient detector stand could be designed.

The only drawback to this coupler is that only one set of coils can be used, but by tapping the coils this disadvantage can be eliminated.

Easy Way to Construct an Open Circuit Jack

The accompanying illustration will show how to make an open circuit jack, with a small piece of wood, some brass screws and a piece of spring brass about 3/4-inch wide, a short piece of brass tubing to fit the stem of a standard plug, which is threaded full length and is long enough to pass through the panel and have two thin nuts on both sides threaded into the panel itself, in which case the nuts may be eliminated.

The drawing is almost self-explanatory but it might be a good idea to put a thin coating of a good strong glue on the end of the wood block next

to the panel, after the block has been fitted and ready for the long brass screw inserted and tightened. This will prevent the wood block from turning.—C. W. Pomeroy, St. Louis, Mo.

Antennae for Local and Long Distance

It is often advisable to erect two antennae when both local and long distance reception is desired. One of these antennae designed for obtaining a high degree of selectivity, in differentiating between local signals, may be a single-wire outdoor antenna approximately 30 feet in length and about 20 feet in height, or an indoor antenna using about the same length of lamp cord placed behind picture molding. For long distance reception a longer antenna is necessary; for this purpose a single wire about 150 feet in length stretched as high as possible will give satisfactory results. The use of two antennae provides a flexible arrangement for avoiding interference between local stations operating on nearly the same wave length, particularly when a regenerative receiver is used with the small antenna and, in addition, provides a larger antenna for use in long distance reception after the local stations have ceased operation.

A Better Clay

White, refined—amazingly effective BY EDNA WALLACE HOPPER

I owe my youthful beauty largely to a super-clay, perfected by French experts.

The first clays I used were crude and muddy, so many clays are still. But they multiplied my beauty. The clay I now use has been perfected by 20 years of scientific study. It is white, refined and dainty. The results it brings are amazing, compared with old-type clays.

Now, after 40 years as a stage star, I still look a girl of 19.

Every woman's duty The use of clay is every woman's duty to herself. No girl can look her best without it, no woman can keep her youth.

Look about you. Note the wonderful complexion due to clay. The mothers who look like daughters.

Clay purges the skin of all that clogs it—the cause of sallowness, blackheads and blemishes. It brings the blood to the skin to nourish and revive it. The result is that rosy afterglow which so amazes and delights.

It firms the skin, combats all lines

charm and the feeling for romance and atmosphere which Vidor gets into all of his pictures.

OBITUARY

George Schooley
Funeral service for the late George Schooley, was held Tuesday afternoon at the home of his son Harry G. Schooley in Alliance.

Mr. Schooley was born in Hanover, June 13, 1843 and died Nov. 10, being over 90 years of age.

His early life was spent in the vicinity of Hanover where he learned the harness making trade.

He enlisted in the Civil war, Aug. 12, 1862 and served until honorable discharge June 17, 1865.

He was united in marriage June 14, 1869 to Jennie Weaver, two children being born to this union, Henry E. Schooley of Alliance and Eddie C. Schooley, who died Oct. 6, 1893. F. C. Schooley, a brother in Sandusky, also survives.

Soon after his marriage, he went to Alliance and engaged in the mercantile business and continued in business until the year following the death of his wife which occurred in 1914.

At the time of his retirement, he was the oldest merchant in Alliance to be continuously in business.

Mrs. John Vollnogle
Mrs. John Vollnogle, 39, of Columbiana, died at the Central Clinic hospital Saturday night. She was taken to the clinic Sunday, Nov. 4, and underwent an operation on the following Tuesday. Pneumonia developed which caused her death.

Mrs. Vollnogle is survived by her husband, three daughters, Harriett, Ruth and Virginia; her parents, Mr. and Mrs. John G. Homestead of Columbiana; one brother, Leon, who lives in California; a married sister who resides in Beloit and a sister, Miss Dorothy, at home; and her grandparents, Mr. and Mrs. Alfred Heacock of Columbiana, with whom she had made her home since she was a small child.

She was a member of the Christian church. Funeral service was conducted at the home Tuesday afternoon. Burial in the Columbiana cemetery.

Mrs. John Eorton
Relatives here have been advised of the death of Mrs. Fannie Eorton, wife of John Eorton, of New Waterford, which occurred about 2:30 p. m. Monday of a complication of diseases after a few weeks illness.

She is survived by one son, Lorin Crawford, Sebring; one daughter, Mrs. Bessie Crawford, near Rogers, and one stepson, Albert Eorton, of Salem.

THE BASELESS FEAR OF FINANCE'S POWER

By WALTER W. HEAD
President American Bankers Association.

We speak of "coal"; immediately we visualize a pile of black lumps. We speak of "wheat"; in our mind we picture a golden field of grain or perhaps the farmer's load en route to market.

Finance is not a commodity. Being an intangible thing, it is greatly misunderstood. It means one thing to some people, another to others.

By reason of this mystery surrounding it, it is too frequently feared, and financiers assailed as enemies of the public good, using their power selfishly to advance their own purposes.

No nation or people ever achieved greatness without the assistance of finance,—accumulated capital, managed and directed by those skilled in the handling of wealth and money.

Accumulated resources are represented at times by hoards of gold, but more frequently by ships, herds, and other productive agencies.

America measures her resources in terms of billions of dollars. She has thousands of prosperous homes, myriads of well developed villages and towns, thousands of miles of railroads and paved roads. This has been possible through the investment and use of capital or wealth created and accumulated by the citizens.

When the early pioneers first traveled over the prairies, which are now rich and productive fields, their resources consisted only of a productive soil, a healthful climate, and the sunshine and rain necessary to the growth of vegetation.

As the early settlers wrought and produced and prospered, they saved. These savings they invested in the tools of production—plows, harrows, binders, stores, railroads, banks and manufacturing enterprises. THESE SAVINGS "FINANCED" PROGRESS.

The building of the railroads was the great outstanding contribution of finance to the development of the West. The West owes a debt of gratitude to the investors in eastern states who ventured to invest their money in virgin territory, making possible development by the use of their accumulated resources.

Bank deposits represent very largely the savings of the people. The loans they make possible are employed in productive enterprises. The development of the agricultural communities depends very largely upon the credits extended by investors in other communities. The development of municipalities is possible very largely through the sale of municipal bonds to investors in other places. All this is the work of finance.

WAGES HERE AND ABROAD
THE American factory worker is receiving wages the purchasing power of which is above the wages paid in any other country of the world. The British Ministry of Labor has made a computation of the amount of food which the wages of workers in different cities of the world will purchase. In the following table the purchasing power of wages in London is taken as 100, and the purchasing power of wages in other cities is shown as percentages of this figure. The table indicates that the worker in New York can buy more than twice as much food with his wages than can the worker in London, while the worker in Berlin or Vienna can buy only a little more than half as much with his daily wage as the worker in London, or only one-fourth as much as the worker in New York.

An important factor in the differences between the rewards of workers is that the productivity of the American worker has been greatly increased through the use of large investments of capital for machinery.—Journal of the American Bankers Association.

WHAT AGRICULTURE NEEDS

A recent summary of the agricultural situation grouped the needs as follows:

- 1. Increased and balanced production
- 2. Increased understanding of credit facilities
- 3. Increased market facilities
- 4. Better business methods

The Agricultural Colleges are working out production problems, the banks the credit problems and co-operative associations appear to be greatly improving marketing facilities and business methods.

FRANCE WANTS

wrought in the country while the Germans are only taxed \$15 per head and not a church, house or town was damaged in the war.

"It is an outrage that Germany continually makes promises, saying she has no money. She may have it to show but in foreign lands billions of gold marks are in keeping for the day to come. Germany can and must pay, and all that France wants is 46,000,000,000 gold marks of the reparations, there being 132,000,000,000 in all for the allies."

Banquet Program
At the banquet an entertaining program was listened to by the large number of "buddies" who gathered together to talk over old war days. Rev. H. L. Miller, post chaplain, gave the invocation, "America" and "Over There" were sung while the Harmony Seven played.

Post Commander Carl Yengling made the address of welcome. Gus Sechler told of his experiences in Paris while James Bullard gave his conception of a buck private.

Interspersed among the banter and jokes were some serious talks one by Rev. H. L. Miller on "Why I am a Legionnaire," Richard Hatcheson, "The Ladies Auxiliary," "The Legion's Mission," by Charles Hald.

Merle White told why he was the Legion Janitor. Solbert Greenberger discussed government insurance and Ora Walton, the "Ed Wynn" of the legion, made a screamingly funny talk on "Over There."

This fifth annual banquet, legion officials stated, was one of the best ever held by the post.
C. M. Carey, father of Charles H. Carey, for whom the post was named, Quartermaster Henry Older of the G. A. R. and Dr. A. C. Yengling were among the guests.

SMALL BEGINNINGS SHOW BIG RESULTS

Many great enterprises begin in a small way. Many a successful advertiser has begun by using classified advertisement in a modest way. These brought good returns, which enabled the business to be developed, and eventually large advertisements were profitably used. Intelligent use of the little ads in The Salem News either by advertiser or reader will prove to you.

Big Poultry Show At East Liverpool

Lisbon, Nov. 12.—James McIntosh of Madison township, a leading spirit in the Tri-State Poultry show that is to be arranged for East Liverpool soon, was in Lisbon Monday arranging for entries.

"We want birds from all over Columbiana county entered in this show," Mr. McIntosh said. "We propose to select the aid of County Agent C. E. Rowland in putting this show over big, and we'll want the Farm Bureau and grange members to make entries."

It is very likely that this East Liverpool poultry show will take the place of a county show in Lisbon, although pens from all townships in the county will be solicited.

OHIO HIGHWAYS TO BE IMPROVED

County School and Road Conditions Being Surveyed.

SAFETY OF CHILDREN SOUGHT

Women's Clubs of the State Taking Deep Interest in This Phase of Highway Work—Earnings of Penitentiary and Reformatory Show Increase—Chairman White's Visit in Cleveland.

Columbus, Nov. 13.—W. A. Alsford, executive secretary of the Ohio Good Roads federation, announced that a committee of the federation is co-operating with state educational authorities in a survey of county school and road conditions.

County authorities will establish no centralized school unless the highways leading to it are improved. They are not justified in building centralized schools, with their broader educational opportunities, and extending the school districts, unless the roads are made passable throughout the winter.

Women in the rural districts declare that improved roads are necessary for the safety and health of their children. If a child is compelled to walk to school he can do it with less danger to his safety and health on an improved road than on a mud road. The dangers of riding in a bus on a muddy road also are too great to permit of this form of transportation. In this connection the use of motor buses instead of horse-drawn vehicles has been urged, it being declared that with a motor bus there is less danger of crossing accidents.

Women's clubs of the state are taking a deep interest in this phase of highway work and it is possible they may undertake some activity along this line this winter. A prominent club woman of the state has indicated that legislation may be sought at the next session of the general assembly regulating the type of buses used in handling children to school. She declared that the light horse-drawn wagons, which jolt over the roads, seriously endanger the health of growing girls.

It is expected that the women's clubs of the state will co-operate with the Good Roads federation in an effort to remove these hazards to school children, the remedy being found in improved roads and motor vehicles.

The graduate school of the Ohio State university, now in its twelfth year, shows a growth of more than 20 percent over a year ago for the fall quarter. According to the latest figures 414 students are enrolled as graduate students, carrying advanced work and studying for higher degrees.

It is regarded as significant that of this number more than a fourth are women. As against last year, when they numbered 83, women students in the graduate school now number 111. More than a fourth of the graduate students are working for the degree of doctor of philosophy in various lines of endeavor. In all the previous history of the university only 102 doctor's degrees have been offered as against 111 now actually working toward that goal. About a dozen women students are working for their doctor's degree.

George White of Marietta, who was the Democratic national campaign chairman in 1920 and is still the representative of Ohio in the Democratic national committee, visited Cleveland last week, conferring with the city authorities and political leaders as to what the city's wishes are regarding securing the Democratic national convention for that city. He told them that he was ready and anxious to work for Cleveland if the city is ready to make an aggressive fight for it.

Mr. White found Newton D. Baker not very responsive to the suggestion and the officials of the chamber of commerce informed him that they had decided to let the matter drop. Political gossip says the attitude of the Baker organization was due to the fact that White had spent a night as the guest of Judge David L. Rockwell, Chicago manager of the McAdoo movement, at Judge Rockwell's home. Naturally, it would not be to the best interests of Mr. McAdoo to have the convention held anywhere in the state of a pronounced rival for the nomination—James M. Cox.

A majority of the members of the national committee, Mr. White says, are in favor of holding the convention somewhere in the middle west. This in spite of the fact that New York has asked for it and offered to raise \$250,000 to meet its expenses.

Attorney General Crabbe will bring suit, as requested by Governor Doney, to test the constitutionality of the law under which the state accepted the John Bryan farm in Greene county, providing no conditioned religious services ever should be held on the farm. The Bryan bequest was turned down by former Governors.

FIVE SPECIAL TAX LEVIES FOR RURAL SCHOOLS ARE LOST

There was only one school bond election in Columbiana county last Tuesday for new construction purposes, and this was at Columbiana, where \$40,000 was required for the completion of a high school now under course of erection. In fact, this building is nearly completed, but is costing more than the original estimate provided.

The issue carried by a good margin, so that perhaps before the year end the building will be ready for occupancy. But when it came to authorizing a three mill special levy for school purposes in other townships and school districts, all was not clear sailing at the last election.

A special three mill levy was desired by the township boards of education in Center, Wayne, Washington, Unity No. 1 district and Elk-run townships. In each instance, the levy was defeated so that these various boards are now confronted with problems just as serious as before the election.

In Madison Special District No. 2, the levy carried, and about \$2,100 additional for some years will be available for Township Line school in Madison—St. Clair townships, also the Hammond, West Point and Cream Ridge schools in Madison.

About two years ago the people in Madison, who had been sending their children to the West Point school, erected a new school near the Hammond coal mines, and at that time it was suggested that a special three mill levy be placed before the people. That school district is growing rapidly, hence the need of a larger school fund.

The three mill special levy also carried in the Bayard school district; Fairfield township; Middleton

township and for Unity Special school districts Nos 4 and 7.

The additional levies will be subject to payment during December next.

Henry Staley of Columbiana and W. H. Van Fossen, of Elkrun township, members of the county board of education for some years, were re-elected last Tuesday and their terms will continue from January next.

The monthly meeting of the county board of education will be held in the office of the board at Lisbon Monday, Nov. 19. The board will reorganize at its first meeting in January.

OLD FASHIONED TEA FOR CONSTIPATION BREW IT YOURSELF AT HOME

Probably the best remedy you can take for clogged up bowels and sluggish liver is one that costs very little and accomplishes much.

For many years Dr. Carter's K. and B. Tea has been used by tens of thousands to keep the bowels regular and the whole system in fine condition.

Why not get a 30-cent package of this gentle, yet sure-acting bowel regulator and system tonic, and brew a cupful for yourself every night for a week or two?

You'll surely be gratefully surprised at the benefit you get and will praise Dr. Carter's K. and B. Tea to your friends. It's fine for the little folks and they like it. All druggists sell it.

FOR SORE THROAT, COLD ON CHEST

Mustard Subdues the Inflammation and Eases the Soreness Quicker Than Anything Else on Earth

Pay only 30 cents and get a big box of Beggs' Mustard which is the original substitute for the old-fashioned mustard plaster and is made of strong, real, yellow mustard—no substitutes are used.

It's known as the quickest pain killer on earth, for in hundreds of instances it stops headache, neuralgia, toothache, earache and backache in five minutes.

It's a sure, speedy remedy—none better for bronchitis, pleurisy, lumbago and to draw the inflammation from your sore feet there is nothing so good. You get real action with Mustard—it goes after pain and kills it right off the reel. Yes, it burns, but it won't blister—it does not give agonizing pain a slap on the wrist. It does give it a good, healthy punch in the jaw—it kills pain.

Relative Importance.

It takes an older child to explain to the little fellows the intricacies of school management.

"My teacher's sick, will I git to go home?" asked little Joe.

"Not on yer life," answered Mike, aged ten. "Then yer principal telephones in an' gits a sustitoot teacher."

"Oh-o-o-o, An' if the principal is sick?" asked Joe, "does a teacher telephon in an' git a sustitoot principal?"

"Nah," Mike informed him. "That ain't necessary. The principal ain't got nothin' to do. He jest sits in the office. If he's git sick, the janitor'd go in there an' take his place."—Philadelphia Ledger.

KIDNEY TROUBLE?

The Kidneys are the Blood Filters—When they Weaken and Stop Up—the System Becomes Overloaded with Uric Acid.

Cincinnati, Ohio—"For about four years I suffered with my kidneys being out of order. I had severe pains thru my back just across the kidneys and I would become so dizzy at times I would have to lie down until it passed off. I also had inflammation of the bladder and suffered from a burning and smarting. The excretion had a thick sediment and a very offensive odor. I suffered constantly. I tried many kidney medicines without relief until I began taking Dr. Pierce's Anuric (kidney and backache) Tablets. They gave me the first relief in four years. Since taking them I have not experienced any more trouble. The backache left me and my kidneys are active and normal. I have no more bladder trouble. The urine has cleared up and I am feeling just fine. I can do my work with ease and comfort, in fact, I feel like a new man. I do not hesitate to recommend Dr. Pierce's Anuric (kidney and backache) Tablets to all who suffer with kidney ailments."—Wm. Johns, 254 Broad St.

OHIO HIGHWAYS

(Continued from page 7)

Cox and Davis, but the legislature passed a bill authorizing its acceptance. The act was vetoed by Governor Donahy, but the senate passed it over his veto.

A movement is on foot to establish a federal prison for women to correspond with the federal prison for men at Atlanta. The proposition is being urged by a national organization of women, and it is said that if the project is put through congress the coming winter a northern state will be selected for the site and Ohio is under consideration. Since the enactment of the narcotic and prohibition laws the proportion of women to men federal prisoners has been very largely increased, those in charge of the women's prison movement claiming that the increase is about 40 per cent since these classes of law violation became so large. The need for a federal women's prison has become urgent by reason of the fact that the state prisons where women federal prisoners have been incarcerated under contract have become so well filled up with the state and federal prisoners that no more federal commitments can be accepted. The proposed prison will be a pretentious structure and the institution will be one for which there will be a lively contest.

Ohio this year will produce between 11,000,000 and 12,000,000 bushels of apples, according to federal estimates, and even though such is the case, there will not be enough apples to meet the needs of the people of the state. However, this estimate is 50 per cent larger than last year's crop and is a figure that will be surpassed by only two other states. Even though such is the case, Ohioans still fail to realize the value of orchards and the necessity of keeping present ones in good condition. Charles V. Truax, state director of agriculture, points out. The director, while pleased with the outlook, urged better care for fruit trees and advocated an extensive planting program. "Many farmers are forced to sell at around 50 cents to \$1 a bushel," Truax stated, "while their more thrifty neighbors are getting as high as \$7 and \$8. This is due, of course, to the superior quality of the fruit, resulting from spraying, careful pruning and grading."

Earnings of the manufacturing department of the state industrial department for the first two months of the new fiscal year, or the months of July and August, show an increase, with indications that the same percentage of gain will be maintained for the entire year.

The net gain for two months of the penitentiary, reformatory and brick plant workshops is \$59,899.01 over the same two months one year ago. The increase is divided as follows: Penitentiary workshops, \$31,390.91; Mansfield reformatory, \$14,241.04; and the state brick plant at Junction City \$14,267.06.

The greatest gain, in proportion to the number of men employed, was at the brick plant. This industry sold during July and August, 1922, \$20,804.25 worth of paving and building brick. The same two months this year show sales totaling \$35,071.34. The plant has been materially increased since John E. Harper assumed charge of the welfare department, and it is expected that earnings for the entire year will be far in excess of any previous year in the history of the plant, and may total \$100,000 over last year, which up to the present time has been the greatest since the plant was purchased.

Official statistics on 1921 income tax returns, made public by David S. Blair, federal commissioner of internal revenue, show that Ohioans paid a total of \$72,425,596 into the United States treasury as taxes on 1921 personal and corporation incomes aggregating \$1,295,496,773.

Personal income taxes paid by Ohio taxpayers numbering 367,096 totaled \$33,474,094 on net incomes totaling \$1,000,027,926, while the corporation taxes, paid by 9,355 Ohio corporations on net incomes aggregating \$235,467,847, totaled \$38,887,502.

Owing to the nationwide financial and industrial slump prevailing in 1921, the Ohio returns, as do those for the country as a whole, show a decided slump. The 1921 returns, in fact, are seen to be smaller than for any previous year since 1917, the first year of the United States participation in the war. For example, Ohio's personal income returns for 1920, when the war-time inflation reached its climax, aggregated \$1,407,388,003, or over \$447,000,000 more than the 1921 figure, while the taxes paid by 447,998 taxpayers totaled \$56,285,168, or more than \$21,000,000 above the 1921 total.

Similarly, the Ohio corporation returns for 1920 were \$560,566,917, or more than double the 1921 returns, while the tax paid by 12,303 corporations totaled \$126,262,551, or considerably more than three times the 1921 total.

The average personal income return for 1921 in Ohio was only \$2,883, as compared with \$3,142 for 1920, \$3,487 for 1919, \$3,236 for 1918, and \$2,924 for 1917. At the same time the average personal income tax dropped to \$91 as compared with \$126 for 1920, \$182 for 1919, \$180 for 1918 and \$168 for 1917.

Ohio's total of \$1,295,496,773 personal and corporation returns for 1921 was 5.42 of the nation's total, \$23,913,263,341, while its total of \$72,425,596 taxes paid was 5.10 per cent of the total for the country.

Wellsville High Strengthens Hold On County Title

Salem High's defeat by Wellsville and the expected win of East Palestine High over Lisbon High marked the week end in county football circles. Wellsville, doped to give Salem a close battle, surprised north county supporters by piling up 19 points, holding the Red and Black machine scoreless.

For the second time this season Salem High was only a shadow of what it possessed in strength the week before. Consequently Wellsville is doped to finish the season without defeat, having canceled their Thanksgiving game with Leontia.

East Palestine, in a sea of mud Friday, could do little with Lisbon, which team was thought to be very weak. It indicates that Lisbon has defensive strength to master to the occasion and almost pasted a tie game on Palestine's already broken record. Palestine won 6-0.

Those two games were the only ones in the county. Leontia took a 13 to 19 game from Chester High at Chester, intercepting a forward pass for one marker, and adding another touchdown by passes. The well drilled Shupp machine of early season, as the result of the Salem game, seems to have lost its fire and on-ward.

CARROLLTON HIGH WILL PLAY SALEM HERE ON SATURDAY

Salem High this week will prepare for a nonentity as far as football goes around these parts. Carrollton High will invade Kelly field and will be a new team for the Red and Black.

This week there is a reform in form going on in the Salem school. Determined to redempt their lives and finish the season with no more defeats Coach Richtman's eleven is up over their ears with a fighting spirit that will be hard for Carrollton to overcome.

With Capt. Crutcheley back on the

thrust and unless it does wake up to its known strength the Blue and White will lose to East Liverpool next Saturday, Liverpool losing to New Philadelphia last Saturday 53 to 7.

Wellsville is the undisputed leader of the county conference with two victories and no defeats. The one trouble is that this team does not play as many county teams as Salem and Lisbon. But nevertheless Wellsville is the king of 'em all, and will probably remain at the top of the heap.

East Palestine, though it is very improbable, has a chance to win the title, if next Saturday it can beat Wellsville.

Salem High has an outside team for entertainment. Carrollton will come to Kelly field with an unknown record but that eleven is not thought strong enough to beat Salem.

Leontia expects to beat East Liverpool's tatter. It will be a tight game, with the odds favoring Leontia, basing that prediction on past record, disregarding the Salem-Leontia game.

Lisbon will be punished by Niles, which team, without Lett's services, is considered strong enough to walk away with the game.

Line things are different. There are more available "shock troops" for emergencies. In addition, if the weather man is right, it will be a dry field Saturday, and that will be considerable help for the Red and Black.

IN MEMORIAM TO MEET ZEV AGAIN FOR TITLE PURSE

In Memoriam, Carl Widemann's wonder horse of the blue grass state will meet Harry Sinclair's Zev, winner over Papyrus, but one of those vanquished by In Memoriam at Latonia, at Churchill Downs, historic Louisville track, next Saturday.

The race will be a mile and one-eighth, and the winner will take \$25,000, the loser \$5,000. Aside from the purse there will be large side bets.

Zev should dispose of In Memoriam.

him, although running third at Latonia. But in Memoriam is not an also ran and will push Zev from the post.

The superiority of the turf world now held by the Kentucky horse will be at stake and it will probably be the last big race of the season for the two horses.

ILLINOIS WEST'S KING, THREE TEAMS LEAD ALL IN EAST

Notre Dame is looking forward to this week's game with Butler with much relief after being vanquished by the Nebraska Cornhuskers last Saturday. The Rockne machine was getting too confident and now, no doubt, realize that the best teams cannot win all the time.

Illinois, conqueror of Nebraska, now sits on top of the west grid world, with Michigan occupying half the throne but not actually possessor of half the title.

Illinois takes on the Mississippi A and M team next Saturday for a little fun and to rest Grange for the Ohio State game. Michigan cannot double in entertainment, meeting Wisconsin at the fair of the Badgers. But the Wolverines are big favorites at that.

Ohio State, flushed with such a fine showing against Purdue, which game the Bucks won, 32 to 0, will meet Chicago at the Windy City Saturday. The Stagmen will have to extend themselves in that game and may lose.

Maine, with only a tie game to mar the Gophers record, is to play Iowa, twice defeated, at Minneapolis. The Hawkeyes will, after a week's layoff, have a hard job on their hands.

In the east, Cornell did the expected and drabbed Columbia with Hann doing the heavy work in that farce. With Yale, which eleven disposed of Maryland, but not easily, and Syracuse, are leaders in the east.

This Saturday Syracuse meets Colgate and the dopsters are wondering if the upstarters can work up a lather on the Hamiltonians.

Yale will play Princeton in a traditional classic while Cornell enjoys

a short respite from actual labor, taking on Johns Hopkins.

HEARD VOICE FROM ABOVE

Little Boy in the Sleeping Car Thought It Must Be God Who Was Speaking.

Little Frederick, en route with his parents, was put to bed in the lower berth across the aisle from them, an elderly gentleman occupying the upper over him. It was Freddie's first sleeping car experience and he was a little nervous. His mother, to reassure him, said: "Now, don't be afraid, mamma and daddy will be just across the aisle, and you know God is always with you."

After the lights were turned out that lonesome feeling got too much for him, and he called out:

"Mother, are you there?"

"Yes, darling," mother answered. "I'm here."

"Daddy"—a moment later—"are you there?"

"Yes, son, I'm here. Go to sleep like a good boy."

In a moment the questions were repeated, with answers satisfactory—for the time being—to Freddie, if not to the other passengers.

After a short silence his voice again cut through the car with "Mother, are you there?"

A deep voice from above announced:

"Yes, your mother is there and your father is there, and I am here."

Then came Freddie's tremulous query:

"Mother, was that God?"—Pullman News.

Would Wake All Hours Said Well Known Xenia Fireman

But Nerv-Worth Quickly Overcame This Trouble Along With Digestive Troubles.

"I was very nervous and run-down, and was troubled with a bad stomach," said W. F. Maher of 20 Locust St., Xenia, Ohio, a former railroad fireman, and he continues, "I suffered extreme pain after eating, and I bloated and had gas on my stomach. I couldn't sleep at night, and would wake at all hours suffering from pain. I have

taken only two bottles of Nerv-Worth, and my stomach no longer bothers me. I sleep fine now, and have no more gas or bloating. I feel like a new man, and I certainly recommend Nerv-Worth. If you suffer from nervous or stomach disorders, or a run-down condition, the old reliable time-tested Nerv-Worth will give you help. If you are not satisfied after taking your first bottle, your druggist is authorized to refund your money.

WANTS TO HELP OTHER WOMEN

Grateful for Health Restored by Lydia E. Pinkham's Vegetable Compound

Chicago, Ill.—"I am willing to write to any girl or woman who is suffering from the troubles I had before I took Lydia E. Pinkham's Vegetable Compound. My back always ached, so I could not go about my housework, and I had other troubles from weakness. I was this way for years, then my sister-in-law took the Vegetable Compound and recommended it to me. In the time I have been taking it and it has done wonders for me. I keep house and am able to do lots of work besides."—Mrs. HELEN SEVICK, 2711 Thomas St., Chicago, Ill.

Women suffering from female troubles causing backache, irregularities, pains, bearing-down feelings and weakness should take Lydia E. Pinkham's Vegetable Compound. Not only is the worth of this splendid medicine shown by such cases as this, but for nearly fifty years this same sort of experience has been reported by thousands of women.

Mrs. Sevick is willing to write to any girl or woman suffering from such troubles, and answer any questions they may like to ask.

BUILDING AND LOAN MEN WILL GATHER

Building and Loan men from Columbiana county will go to Youngstown Thursday to attend a meeting of District No. 7 of the Ohio Building Association League, where ways and means of increasing the assets of Ohio building and loan associations \$100,000,000 in the next 12 months will be discussed.

In addition to the building and loan officials from this county, delegates from Lake, Geauga, Summit, Portage, Stark, Mahoning, Trumbull and Ashtabula counties will attend. The meeting at Youngstown is one of ten meetings that are being held over the state in an effort to stimulate deposits in building and loan associations, so that building operations next spring will not be curtailed through lack of funds.

In the call for the meeting, it was pointed out by Secretary Devine that building and loan associations in Columbiana county during the last fiscal year had increased their assets \$489,944.78. The institutions in this county now have total assets of \$11,905,633.77, practically every dollar of which has been loaned to home buyers and builders and farm owners.

Fingerprints Lead To Criminal's Arrest

Columbus, Nov. 13.—A total of 35 fugitives from justice have been apprehended in the last three months through identification, established by the last legislature, according to a report of W. M. Smith, superintendent of the bureau, submitted to State Welfare Director Harper today.

All the fingerprint records of the Ohio reformatory and the state penitentiary have been merged and put in order by the bureau, and approximately 200,000 criminal records are now on file and being increased daily, the report stated.

During the three months' existence of bureau file 231 identifications have been made, out of a total of 1,468 inquiries, Smith reported.

ASPIRIN

Say "Bayer"—Genuine!

Genuine "Bayer Tablets of Aspirin" have been proved safe by millions and prescribed by physicians over twenty-three years for colds and gripe misery. Handy boxes of twelve tablets cost only few cents at any drugstore. Each package contains proven directions for colds and tells how to prepare an Aspirin gargle for sore throat and tonsillitis.

COLUMBIANA

The Dew Drop Inn club held a very interesting meeting at the home of Mrs. H. A. Tuttle Tuesday afternoon. These matrons of the town engage in the needlecraft industry. The social hours and refreshments, present an enjoyable feature at their meetings.

The Building and Loan Association held its monthly meeting at the office on Main st. Thursday evening. The association has been a progressive and growing institution from its beginning four years ago.

Mrs. H. A. Tuttle and daughter spent the weekend visiting Mrs. Tuttle's mother Mrs. Schall in Petersburg.

The same personnel which has constituted the board of education for Columbiana for the last two years will continue in spite of the fact that it is stated that the election was illegal. The voters in writing the names of the candidates were instructed to vote for five. The law provides that the electors shall vote for three for four years and two for two years. The community is well satisfied with the present board in spite of the technicality as they regard the majority vote at the election. The members of the board are Henry Staley, F. A. Crawford, H. H. Detwiler, Mrs. R. E. Weaver and C. E. Keller.

Mrs. W. O. Wallace accompanied by Catherine Detwiler went to Niles Saturday and attended the birthday party of Janet Calvin, a niece of Mrs. Wallace.

The Junior C. E. society of the Presbyterian church held a party Saturday afternoon at the church. There were 40 youngsters present and the superintendent, Mrs. H. A. Tuttle, had a delightful time with the children. The Athletic hall was

the scene of many a contest and much amusement.

Mrs. M. M. Clapp, mother of C. B. Clapp, after a two weeks visit with her son and family left Saturday for Baltimore, Md., where she will spend the winter at the home of her son, Dr. C. A. Clapp and family. Mrs. Clapp resides in Chatham, O.

The K. of P. lodge held a regular meeting at the lodge rooms Thursday evening. Work in the first degree was put on. The attendance at the meeting was good and some visitors were present.

The Misses Hattie Dickinson and Clara Biddison, students at Lakeside hospital, Cleveland, spent the week end at their homes in Columbiana. These young women began their studies the first of September and report they are delighted with the work.

A. T. Manning of Rogers was in Columbiana looking for a house into which to move his family as he has sold his property at Rogers.

WINONA

Mr. and Mrs. Jesse Edgerton and Mr. and Mrs. John Stewart and two daughters motored Sunday to Imperial, Pa., and visited J. Stewart and family.

It Is Folly to Neglect Your Battery When Your Battery Experts Are So Near

If you are using your car, give your battery the hydrometer test every week. Make it yourself or let us do it for you. It should show 1.250 specific gravity, the safety mark to prevent freezing. Keep your battery to this mark and no trouble will result. If below this test you need a freshening charge, to build your battery up.

No matter what make of battery you now have in your car, let us add distilled water and make tests periodically. We have a service battery for your car while repairs are being made. If special attention is needed after the test our experts are ready to give it. Our Charges are nominal, our work guaranteed.

Our men are factory schooled. Each knows every make of battery—repairs, inspection, recharge—thoroughly. We have batteries and battery parts for every make of car. All work and all batteries sold and guaranteed with the sort of warranty you would write yourself. Expert advice on any storage battery in your car and liable to destruction when a phone call will bring our service car to your garage?
